EDUCATION

Kansas State University, Computer Science
Bottega Tech, Front End React Developer Course

Graduation Date: December 2020

Graduation Date: December 2020

EXPERIENCE

Primitive, *Lubbock, Texas*

Front End Web Developer Jan 2021 – Present

- Utilize Vue.js, Laravel, SCSS and JavaScript to create responsive and animated sites based on designs made by our design team.
- Experience using custom built company CMS and legacy WordPress/php apps.
- Work in a fast-paced remote environment with a team of developers, project managers, and designers.

Ellsworth County Economic Development, *Ellsworth, KS*

Web Developer Intern June 2020 – August 2020

- Worked alongside ECED Director Stacie Schmidt to update ECED website and create jobs board site to connect potential employers and employees.
- Gained valuable experience in online communication and planning by working remotely, including attending zoom meetings with prominent business owners of Ellsworth.

US ARMY NEC, *Fort Riley, KS*

IT Intern June 2019 - August 2019

- Took different training labs in IT basics such as setting up apache servers, understanding readings from Wireshark and navigating a Linux command line.
- Rotated around different teams to learn the many aspects of an IT organization.
